From The Principal

Dear Parents / Guardians,

Greetings from Punggol View Primary School!

We would like to take this opportunity to wish our Muslim families a Selamat Hari Raya Puasa. For the rest of us, a happy holiday break. We have completed one semester and we hope that your child's journey with us has been a joyful and engaging learning experience.

We will not be meeting up for Parent-Teacher Conferencing for this Term. Your child will receive his/her report book and portfolio on Thursday 1 Sep 2016. Please do contact your child's teachers directly if you need any clarifications or feedback.

This term will be a busy one for us as we will be collaborating with the community to organise events for the residents like Community Sports Days on Saturday 23 Jul 2016 and National Day Observance Ceremony on Tuesday 9 Aug 2016. We would like to invite you and your family to make time to participate in these activities.

We would like to inform you of the following routines and procedures to ensure the smooth operations of the school and to create a safe and secure environment for all our students:

a. Safety and Security

- Please drive safely and slowly along Punggol Place. Our students are very precious to us and we will not want any careless driver to cause an accident.
- We would be grateful if you could constantly remind your child to walk along the walkway carefully. It will be a good habit to use the traffic lights, zebra crossings and overhead bridges, as well as to cross the road when the vehicles have stopped. Accidents may take place when the drivers are not careful or our children are not mindful when they cross the road.
- Parents/Guardians have to obtain a visitor's pass at the gate for security reasons during normal curriculum time. We have to tighten our security in line with the government's security guidelines.
- We need your cooperation and understanding on this. We do not make apologies for being rule-bound as our students are very precious to us and we take safety and security matters very seriously to ensure our parents/guardians have peace of mind knowing that their children are in a safe environment.

b. Health Matters

- Please be informed that we will not be administering any form of topical medications to your child such as antiseptic cream or medicated oil in view of possible allergic reactions.
- For students who are injured, we will ensure that the wound is washed and covered with a plaster. Our office staff will inform you of the injury so that you can administer antiseptic cream or any medications deemed fit for your child's wound at home.
- For students who have abdominal pain or related discomfort, we will put a heat pad to warm the abdominal area. We may also provide a cup of warm water to help the child to feel better.
- Our children may react different to medications and we want to ensure that we provide the basic medical support where applicable. It is advisable for every home to have a simple first aid box to provide basic medical treatments like cuts and bruises.
- We encourage you to ensure that your child eats his/her breakfast before he/she comes to school. Research has shown that there is a strong correlation between performance in academic studies and whether the child eats a meal or not. We would be grateful if you could also encourage your child to eat healthily as we certainly do not want our students to become unfit and suffer from obesity.
- Please do get your child to sleep early and to have at least 9 to 10 hours of sleep. We noted a good number of our children are not sleeping early and hence they may not be in the right frame to learn in the morning.

c. Giving Constructive Feedback

- We are very privileged to have you as our supportive parent/guardian. We hope to invite you to participate in the school's programmes and volunteer selflessly. We hope you could support us as Parent Volunteers or even join the Parents' Support Group as the EXCO members.
- You may wish to contact Aunty Alice or Mr Sigmund Seow at 6570 1588 to inform either one of them how we could tap on your expertise to volunteer some of your time to support our children in their learning. For example, you may wish to volunteer your time to share an interesting learning experience and/or your career experience with our students on career option and life after school.
- You have also helped by giving us constructive feedback. We want to do better and we have been trying to put in place systems and structures to enable us to provide quality service and teaching. **Please accept our apologies should there be lapses but we will continue to do our best to work together with you to provide your child with an enriched education experience.**
- Our staff works hard because they care for your child and want your child to experience success in school. Please do take every opportunity to encourage our staff through your emails and complimentary notes.

We look forward to your continued support and cooperation as we give your child the education experience that he/she deserves in Punggol View.

Thank you and take care.
