Dear Parents,

School Security and Emergency Response Exercise on Wednesday 30 Aug 2017

We wish to inform you that our School will be conducting a security and emergency exercise on Wednesday 30 Aug 2017. This exercise aims to prepare our students and staff on how to react when there is a malicious intrusion in the school premises.

We hope to test our readiness to response to this emergency and to make refinement to our planned procedures and system. The exercise will involve us having to

- Carry out the Communication procedure
- Conduct the Run, Hide & Tell procedure to in safe areas
- Communicate and practise Lockdown procedure in safe areas
- Communicate and practice Clear Lockdown procedure

There will be no simulation of an intrusion during this exercise. It will be a simple practice so that our students and staff know how to respond to such an emergency, just like our annual Fire Drill Exercise during Total Defence Day in Feb 2017. We have conducted a briefing session with our students on the above procedures today and will be conducting a practice on Thursday 24 Aug 2017.

We would be grateful if you could take time to reinforce our teaching on the importance of safety and security with your child/children, not only in the context of the School but also as a Nation that every Singaporean should be vigilant to be prepared for any emergency. We would like to refer you to good reference resources in the SGSecure website: <https://www.police.gov.sg/sgsecure>. SGSecure is a national movement to sensitise, train and mobilise Singaporeans to play a part to prevent and deal with a terrorist attack. It is our community's response to safeguard our way of life against terrorism and community strife.

We would also like to encourage you to download the SGSecure app on your mobile phone to receive important alerts during major emergencies. It will also allow you to seek assistance and provide information to the authorities.

Let's work together to keep our Singapore safe and secure. Thank you.
