Dear Parents/Guardians,

**Extended Home-Based Learning (HBL) for Primary 1 to Primary 2 Students from 11 October (Monday) to 12 October (Tuesday)**

As announced by MOE on Thursday 7 Oct, HBL will be extended for our P1 to P2 students from 11 October (Monday) to 12 October (Tuesday). There is no school for P1 and P2 students on these days. Punggol View Primary School will continue to provide instructions and support for our students to access learning activities/assignments via the Singapore Student Learning Space (SLS) during the extended HBL period. In addition, some subjects will be conducting Live lessons via the app, Zoom, so that our teachers can touch base with their students (refer to specific timings for the respective subject in the HBL plan). Subject teachers will provide the zoom links and passcodes via SLS and PG announcements.

The HBL plan will consist of **2 hours of online learning** via the SLS portal and the use of Zoom for Form Teacher Interaction Time (Please refer to the HBL plan date and time), and **2 hours of offline learning** which include offline assignments or readings, with breaks in between. P1 to P2 students are to attend the Zoom session and complete the SLS learning activities via the SLS portal for the online learning segment. Teachers will progressively design SLS lesson activities and uploading it to the SLS

We would like to seek your assistance to support your child by downloading and installing the Zoom software via <https://zoom.us/download> for computer/laptop users. For IOS or Android mobile device users, you may download the app via the App Store or Google Play Store, if you have not done so before. Please ensure that your child is able to access Zoom prior to the session so that he/she can join in the Interaction session on time. Your child is also expected to observe the ground rules for participation in Zoom. We have attached the HBL Video Conferencing-Zoom (Student's Guide) in this PG Announcement. Please refer to this guide for detailed information on using Zoom.

For Zoom (ID & passcode) related issue, please contact your child's subject teachers for assistance. For SLS password related issue, you may either email the form teachers (refer to school webpage for form teachers' email) or email the school-based SLS helpline level administrator as stated here:
