

CLASSROOM CONNECTIONS

INFO SHEET FOR PARENTS PARTICIPATING IN CLASSROOM CONNECTIONS

Arrival and Registration

Upon arrival at the school, please proceed to the General Office. Our staff will guide you through the registration process and provide you with any necessary materials.

Pre-engagement Session

During the pre-engagement session, brief information about the lesson will be shared to provide parents with an idea of what to expect in the classroom.

Maintaining a Respectful Distance

Parents are to follow the school representative at all times while on the school premises. To avoid disruptions and maintain a conducive learning environment, parents should not stand outside the classroom before or after the observation session. Parents should also not loiter around the school or enter any areas that are not part of the Classroom Connections program.

Observing Classroom Etiquette

During the observation, parents should enter the classroom quietly and take their designated seats. Please refrain from interrupting the lesson, as this may disrupt the learning experience for the students. If you have any questions or concerns, please save them for the post-lesson engagement session.

Mobile Phone Usage

Parents are requested to turn their mobile phones on silent mode or switch them off during the observation. Please avoid using your mobile phone, as it may distract the students and teacher.

Photography and Video Recording

To protect the privacy of our students and staff, photography and video recording are not allowed during the observation session.

Post-lesson Engagement Session

After the lesson, parents are invited to participate in a post-lesson engagement session where you can ask questions, provide feedback, and share your opinions on the observed lesson.

We appreciate your cooperation and look forward to welcoming you to Meridian Secondary School during our Classroom Connections programme.
