21 May 2018

Dear Primary 1 and 2 Parents,

Family Matters@School for Fathers

Bonding Workshop for Father and Child: Ice-cream Making Workshop

In Punggol View, we want to promote and support strong family bonding and thus we would like to introduce an event specifically for fathers. We are organizing a 2-hour customized father and child workshop by SCOOPZ, where you can handcraft your own ice cream. Through this activity, not only will father and child acquire practical skills of making ice cream with bare hands, they will also learn about the various elements that contribute to quality ice cream and experience the benefits of handcrafted ice cream over machine produced ice cream. This workshop, with its hands-on approach, aims to allow participants to revisit some of the key components of a family and what families can do to reinforce understanding and bonding. Father and child will learn valuable lessons on working together on a platform which allows communication and conflict management.

Programme Schedule:

Ice Cream Production (45 mins)

Father and child will be organised into small groups; using the materials given, they will be taught how to make ice-cream with bare hands.

Hands-On Experience on Frying Pan (45 mins)

Using Scoopz's Signature Frying Pan, father and child will be involved in a hands-on session to make their own handcrafted ice-cream.

Enjoy! (30 mins)

Father and child will have ice cream and waffle after the handcrafting activity,

Workshop Details

Day/Date: Saturday, 26 May 2018

Time: 10am to 12pm

Venue: School Canteen

Attire: School PE Attire

Fees: * Fully funded by MSF (1 father & 1 child)
