13 November 2018

Dear Parents of P2 to P5

### Updates on Class Allocation for 2019

In line with the Ministry of Education's (MOE)'s recent announcements on the adjustments to school-based assessment structures, our school is aligning our Class Allocation guideline for 2019.

The updates to our Class Allocation guideline aims to:

- strengthen holistic development, self-discovery and engaged learning
- better customize the teaching to a similar profile of learners in the class
- increase social diversity in the classrooms by having mixed progress groupings, foster peer relations across different progress groups and reduce the perceived stakes of examination
- preserve class identity by not regrouping the students at the end of each level

The Class Allocation guideline is as follow:

Transition Level	Academic and Non-Academic Criteria
P2 to P3	<p>Class allocation is based on English and Mathematics SA2 results. They are divided into 3 broad groups:</p> <p style="text-align: center;">Group 1: 3AM and 3DI Group 2: 3EM and 3JA Group 3: 3OP and 3PE</p> <p>Students are then allocated to their classes within the broad group factoring in gender and ethnic grouping mix.</p>
P3 to P4	En-bloc promotion with minimal movement.
P4 to P5	<p>Class allocation is based on English, Mathematics and Science SA2 results as well as their choices made through the Subject-Based Banding (SBB) Exercise. They are divided into 3 broad groups:</p> <p style="text-align: center;">Group 1: 5AM and 5DI Group 2: 5EM and 5JA Group 3: 5OP, 5PE and 5RU</p> <p>Students are then allocated to their classes within the broad group factoring in gender and ethnic grouping mix.</p>
P5 to P6	En-bloc promotion with minimal movement.

Schools, educators and parents continue to have important roles in preparing our students for the future. The updates on our Class Allocation guideline are made with student-centricity at the heart of our decisions. We strive to allow our students to have an enjoyable educational experience, where their strengths and talents continue to be discovered and nurtured as they grow and glow to be lifelong learners.

We look forward to your continued partnership to our students' education journey.

Thank you.

Warmest regards,

---

Dr Vivien Ang  
Principal
